MICROBIOLOGY & MOLECULAR GENETICS, UNIVERSITY OF CALIFORNIA, DAVIS -- The College of Biological Sciences, University of California, Davis invites applications and nominations for a tenure-track position in the Department of Microbiology & Molecular Genetics at the ASSISTANT PROFESSOR level. Candidates must have a Ph.D. (or equivalent) in the biological sciences or related fields.

The Department of Microbiology & Molecular Genetics (http://mmg.ucdavis.edu/) seeks a colleague with research interests that will add, complement or build upon existing faculty strengths in chromosome biology, signaling, metabolism, microbial genomics and physiology. We aim to strengthen and expand the departmental research portfolio as part of a long-term development strategy. We welcome a broad spectrum of applications from individuals working in all areas of microbiology and/or molecular genetics using any experimental system or environment including humans.

Candidates must have an excellent record of research achievement and will be expected to develop a strong research program investigating fundamental questions in modern biology. We seek a colleague who is committed to participating in the departmental community through collaborative teaching, research, service and mentoring. The successful candidate will be expected to teach in undergraduate and graduate programs, and should be committed to mentoring and fostering diversity.

Applicants should submit materials online at https://recruit.ucdavis.edu/apply/JPF00129, which contains additional information about the position. These materials must include: curriculum vitae, description of current (up to 2 pages) and projected research (up to 3 pages), teaching statement (up to 1 page), and up to three publications. Applicants should also arrange to have three referees submit supporting letters online at the above website. Closing Date: Open until filled, but all application materials, including letters of recommendation, must be received by October 15th, 2013 to assure full consideration. The University of California is an Equal Opportunity/Affirmative Action Employer with a strong institutional commitment to the development of a climate that supports equality of opportunity and respect for differences.
